

Solve Organizational Pain Points with Vertex Modules

Each of our Vertex modules are designed to meet specific needs, providing solutions that enhance productivity, accuracy, compliance, and overall operational excellence. These pair well together and can also operate independently. Find the perfect solution for your agency.

Case Manager

Vertex Case Manager streamlines case management processes, enabling seamless tracking, documentation, and analysis of cases for improved decision-making.

Client Payroll

Vertex Client Payroll simplifies the payroll process, providing a comprehensive solution for accurate and timely client payroll management.

Billing Manager

Vertex Billing offers a robust solution to streamline invoicing processes and ensure timely and precise billing. It provides a user-friendly interface for creating and managing invoices, automating billing cycles, and tracking payment statuses.

EVV Manager

EVV Manager simplifies compliance by providing a reliable, user-friendly platform to verify caregiver visits electronically. Our Solution offers real-time verification of visits, GPS tracking, and secure documentation for home care agencies.

TIMEWORKSPPLUS

TIMEWORKSPPLUS simplifies workforce management by offering a comprehensive solution for time and benefit tracking. Users can clock in/out via an app or on their workstation. Extensive reporting including who is clocking in late are standard.

Vocational Time Manager

Vocational Time Manager provides a specialized platform to monitor and manage time spent on vocational activities, improving resource allocation and project outcomes. Features also include: detailed reporting, and efficient utilization of vocational program resources.

Time Simplicity

Time Simplicity offers a user-friendly solution for efficient scheduling and time management. This solution simplifies employee scheduling, streamlines shift planning, and allows for easy adjustments and notifications.

Vertex Payroll Manager

Vertex Payroll Manager does payroll management, tax calculations, and reporting functionalities. It also ensures compliance with ever-changing regulations, automates payroll tasks, and integrates seamlessly with HR systems.

Vertex Financial

Vertex Financial offers a comprehensive suite for accounting, billing, and invoicing. It integrates various financial functions, providing real-time insights, customizable dashboards, and automated reporting.

Vertex Production

Vertex Production offers tools for production planning, scheduling, inventory management, and quality control while having better resource allocation, minimizes waste, and enhances overall manufacturing productivity.
