

Vertex Systems: Streamlined Solutions for Operational Excellence

At Vertex Systems, our commitment is to provide cutting-edge solutions that simplify complex processes, elevate efficiency, and drive success for your business. Our suite of modules, each tailored to address specific operational challenges, is a testament to our dedication to innovation and excellence. As you explore our offerings, envision the transformative power these solutions can bring to your organization.

Case Manager

Handling diverse cases efficiently while maintaining accuracy is a significant challenge for organizations. Vertex Case Manager streamlines case management processes, enabling seamless tracking, documentation, and analysis of cases for improved decision-making.

It offers a centralized platform to manage case information, automate workflows, and collaborate effectively among teams.

How Case Manager Can Benefit You:

- » Enter service time, note progress, and deliver support from the same page
- » Review and finalize entries by client, DSP, or service location
- » Upload and store documents into the database
- » View clients as a staff person's caseload or other agency-defined groupings
- » Produce system generated monthly, quarterly, or annual progress reports
- » Quickly generate demographic reports

Client Payroll Manager

Managing payroll for multiple clients can be complex and time-consuming. Vertex Client Payroll simplifies the payroll process, providing a comprehensive solution for accurate and timely client payroll management. It enables customizable payroll processing and reporting for various client needs all while integrating with diverse systems, automates payroll tasks, and ensures compliance with ever-changing regulations, boosting efficiency and minimizing errors.

How Client Payroll Manager Can Benefit You:

- » Track prevailing wage rates and target dates for wage
- » Track hourly productivity ratings and automatically calculate average pay rates
- » Calculate sick/personal time off pay benefits based on qualified hours of work or attendance
- » Calculate health and welfare earnings

Billing Manager

Invoicing and billing inaccuracies can lead to revenue loss and client dissatisfaction. Vertex Billing offers a robust solution to streamline invoicing processes and ensure timely and precise billing. It provides a user-friendly interface for creating and managing invoices, automating billing cycles, and tracking payment statuses. Additionally, it enhances cash flow management, reduces billing errors, and improves client satisfaction through transparent and efficient billing practices.

How Billing Manager Can Benefit You:

- » eFiling
- » Budget management
- » Billing receivables analysis
- » Managing authorizations
- » Preparing billing invoices
- » Applying payments
- » Rebilling, if necessary
- » Calculating proper number of units & dollars to bill

EVV Manager

Accurately tracking and managing Electronic Visit Verification (EVV) for home care services is essential but challenging. EVV Manager simplifies compliance by providing a reliable, user-friendly platform to verify caregiver visits electronically. Our Solution offers real-time verification of visits, GPS tracking, and secure documentation for home care agencies. It also enhances transparency, ensures compliance with regulations, and minimizes errors in caregiver service verification.

How EVV Manager Can Benefit You:

- » Uses GPS coordinates to pinpoint arrival and departure
- » Tracks feedback of service
- » Ensures accurate and complete reporting
- » Ensures accurate billing

TIMEWORKSPLUS

Efficiently managing employee time and attendance while ensuring accuracy and compliance is critical for businesses. TIMEWORKSPLUS simplifies workforce management by offering a comprehensive solution for time and benefit tracking. This module facilitates employee time clocking and labor reporting. It also integrates seamlessly with payroll systems, enabling precise payroll processing, reducing administrative tasks, and improving overall workforce productivity.

How TIMEWORKSPLUS Can Benefit You:

- » Biometric reader
- » Facial Recognition
- » Thermal Reader
- » Break Tracking
- » Schedule Enforcement
- » 7-inch color Touchscreen
- » Secure Kiosk Mode

Vocational Time Manager

Tracking time and progress for vocational programs and projects can be complex and time-consuming. Vocational Time Manager streamlines time tracking and project management for vocational institutions. It provides a specialized platform to monitor and manage time spent on vocational activities, improving resource allocation and project outcomes. Features also include: detailed reporting, and efficient utilization of vocational program resources.

How Vocational Time Manager Can Benefit You:

- » Securely Collect Data
- » Electronically Record Times
- » Enforce Accountability
- » Avoid Errors
- » Automate Earnings Calculation
- » Provide Accessibility

Time Simplicity

Simplifying time and attendance processes while ensuring accuracy and compliance remains a challenge for many organizations. Time Simplicity offers a user-friendly solution for efficient scheduling and time management. This solution simplifies employee scheduling, streamlines shift planning, and allows for easy adjustments and notifications while improving communication among teams, minimizes scheduling conflicts, and enhances overall workforce productivity.

How Time Simplicity Can Benefit You:

- » Schedule Planning
- » Optimize Use of Time
- » Schedule Access
- » Schedule Changes
- » Automation
- » Maintain Adherence
- » Schedule Enforcement

Vertex Payroll Manager

Managing payroll with accuracy, compliance, and efficiency is crucial for businesses. Vertex Payroll Manager offers a robust solution for precise payroll processing and tax compliance. This comprehensive solution does payroll management, tax calculations, and reporting functionalities. It also ensures compliance with ever-changing regulations, automates payroll tasks, and integrates seamlessly with HR systems.

How Vertex Payroll Manager Can Benefit You:

- » Calculated shift and work type differentials
- » Well-organized integration to general ledgers
- » Labor distribution
- » Separate data per employer

Vertex Financial

Streamlining financial processes and ensuring accurate financial management is essential for businesses. Vertex Financial offers a comprehensive suite for accounting, billing, and invoicing. It integrates various financial functions, providing real-time insights, customizable dashboards, and automated reporting. It also improves financial decision-making, compliance, and overall business performance.

How Vertex Financial Can Benefit You:

- » Verifying documentation
- » Managing authorizations
- » Calculation of the proper number of units and dollars to bill
- » Preparing billing invoices
- » Applying payments
- » Rebilling, if necessary

Vertex Production

Efficiently managing production processes while maintaining quality standards is a significant concern for manufacturing units. Vertex Production optimizes production processes for enhanced efficiency and quality control. It offers tools for production planning, scheduling, inventory management, and quality control while having better resource allocation, minimizes waste, and enhances overall manufacturing productivity.

How Vertex Production Can Benefit You:

- » Know if a job is underperforming in real time
- » Track jobs, steps, and time studies
- » Create sales and purchase-related documents
- » Follow order fulfillment and invoices
