

PAYROLL & FINANCE SOLUTIONS BY VERTEX

Vertex Systems offers an innovative approach to payroll and finance management, helping to streamline financial operations, enhance client care, and maximize efficiency. Here are just a few ways Vertex stands out from the rest:

VERTEX PAYROLL & FINANCE

Easily calculate earnings based on 14c regulations.

Built-in compliance features that ensure adherence to guidelines.

Generate reports like the NISH Quarterly Reports.

Eliminate paper timesheets, save time and reduce errors.

Pay-per-use licensing - only pay for what your organization needs.

VS

14c Earnings Calculations

Compliance

Report Generation

Payroll Processing

Licensing

TRADITIONAL SOLUTIONS

Manual calculations required; prone to errors & compliance issues.

Dependent on manual updates and checks.

Limited report features and may require third party tools.

Time-consuming payroll processing with potential for inaccuracies.

Typically requires a fixed-cost license, regardless of actual usage.
